Fun Friday

Directions: Complete the form below with the names of all your students. Starting on Monday, as you go through the week, put an X each time a student is not following directions or procedures. At the end of the day on Friday, give students 30 minutes of "Fun Friday" to play educational games and art activities. Students who have X's they have accumulated through the week must stay at their desk working on review or reading until their quiet time is completed.
