# Popcorn Sight Words

Travel through the movie theater game board and practice reading sight words. Assemble the game board by taping the game board pages together.. A small group of players each receives a popcorn tub to collect words in. Players take turns rolling the die and moving that many spaces on the game board. When landing on a spot, a player picks up three word cards to read. Words that are read correctly are placed on the popcorn tub. Words read incorrectly are placed at the bottom of the pile. Play continues until all players reach the end of the board game. The player who read and collected the most words is the winner! Players can write down the words they collected on the worksheet provided.

Pre-Primer Dolch words are outlined in black.
Primer words are outlined in red.
