

Phonics Activity Center

Short Vowel E

Teacher Directions:

1. Print out pages 2-10.
2. Cut out page 2 and paste it onto a file folder of your choice. This will be the Learning Center Game Folder.
3. Cut out the puzzle pieces on pages 3-10. Make sure that each game piece is cut along the dotted line to split it in half, which then creates the puzzle.
4. Laminate each puzzle piece. Make sure you laminate the pieces AFTER you cut them out to ensure a long lasting game.
5. After you cut out and laminate the puzzle pieces, you should have a total of 32 puzzle pieces.
6. Put all of the puzzle pieces into a large zip-lock bag and place the bag inside of the Learning Center Game Folder.
