

Name: _____

Spend or Save

Do you ever get money as a gift, or find some on the ground? Do you want to spend it, or save it? If you spend the money, you get something for it. But if you save the money, you may be able to get something even better later on.

Directions: Follow the path of coins. If it says **save**, draw the coin into the bank. If it says **spend**, cross out that amount from your bank. At the end, add up what you have saved and record it on the line.

The path consists of 23 coins arranged in three rows. Arrows indicate the path: Row 1 (left to right), Row 2 (right to left), Row 3 (left to right). The labels for each coin are: Row 1: save, save, save, save, spend, spend, save, spend; Row 2: spend, save, save, save, spend, spend, save; Row 3: save, save, spend, spend, spend.
