## Spend or Save

Do you ever get money as a gift, or find some on the ground? Do you want to spend it, or save it? If you spend the money, you get something for it. But if you save the money, you may be able to get something even better later on.

**Directions:** Follow the path of coins. If it says **save**, draw the coin into the bank. If it says **spend**, cross out that amount from your bank. At the end, add up what you have saved and record it on the line.

The path consists of three rows of coins with arrows indicating the direction of travel:

- Row 1: 8 coins. From left to right: 100¢ (save), 100¢ (save), 200¢ (save), 100¢ (save), 200¢ (spend), 200¢ (spend), 100¢ (save), 100¢ (spend).
- Row 2: 8 coins. From right to left: 25¢ (save), 200¢ (spend), 200¢ (spend), 100¢ (save), 100¢ (save), 100¢ (save), 25¢ (spend), 25¢ (save).
- Row 3: 5 coins. From left to right: 100¢ (save), 100¢ (save), 100¢ (spend), 100¢ (spend), 200¢ (spend).

I ended up with

¢

in my piggy bank.
