## Sandwich Sequence

**Directions:** Answer the sequence questions by referring to the text. Sequence your morning. Write what you did, in sequence, this morning before school.

Giselle is making lunch for her and her two brothers. She grabbed 6 slices of wheat bread. Then, she spread mayonnaise on each slice. She placed 3 slices of ham, one slice of cheese, and 2 slices of tomato on three slices of bread. Carefully, to be sure they were even, Giselle placed a second slice of bread on the tops. Her mom used a sharp knife to cut each sandwich in half. Finally, Giselle and her brothers sat at the kitchen table and ate their lunch.

1. What is the first thing Giselle does to prepare lunch?

---

2. What does Giselle do after she places 3 slices of ham on the bread?

---

3. What happened before mom cut the sandwiches in half?

---

**Here is what I did this morning before I came to school:**
