

Name: _____

Sequenced & Organized

Directions: Using a story from your classroom or library, sequence the events of the story. Write a short description of each event.

The worksheet consists of five rectangular boxes arranged in a sequence, connected by arrows. Each box contains a horizontal line for a title and four horizontal lines for a description. The sequence starts at the top left, moves right to the top right, then down to the bottom right, then left to the bottom left, and finally down to the bottom center box.
