Community Song

Music and Lyrics by: Have Fun Teaching

I am a citizen of my society And I participate in my community I do my part, I keep it clean I make this world a better place for you and me

I love my neighbor, I treat 'em good I show respect and dignity like I should I love my family, I follow all the rules I take responsibility for what I need to do

There's so much goin' on around me Sometimes I think that it is all about me Then I look around and see what's in front of me It's you, and me, we help others in need

I do all I can to make this world a better place Show respect to my neighbor and to the whole human race Citizenship is who I am, everything that I do I take care of the environment, how about you?
