

Context Clues Song

Music and Lyrics by: Have Fun Teaching

Put yourself in the story.
Surrounded by the characters.
Search for the clues to help you find the feeling.

Does the story make you happy?
Does it make you sad or angry too?
Search for the words to help you find the meaning.

Use the pictures and the words.
To gather what you know about the story.
Using context clues.

It's always so inviting.
To find a book exciting.
Search for the clues to help you find the feeling.

Collect your own suspicions.
Connecting all of the details.
Search for the words to help you find the meaning.
