

# Counting By Twelves Song

Music and Lyrics by: Have Fun Teaching

Ladies and gentlemen, boys and girls  
Everybody get together, spread joy to the world  
We'll count by twelve

I wanna see you dance real smooth  
I wanna hear you count by twelve  
Now get down with the groove

12, 24, 36, 48, 60, 72, 84, 96  
12, 24, 36, 48, 60, 72, 84, 96

Count by twelve, let me see you dip  
Now pack your bags, we're going to go on a trip  
To ninety-six, now don't get tricked  
I know that we can do it
