

Parallelogram Song

Music and Lyrics by: Have Fun Teaching

A parallelogram is a shape
With opposite sides that are parallel and have the same length
A parallelogram is a shape
With opposite sides that are parallel and have the same length

Draw a parallelogram in the air (2x)
Draw a small, small parallelogram in the air (4x)
Draw a big, big parallelogram in the air (4x)

A parallelogram is a shape
With opposite sides that are parallel and have the same length
A parallelogram is a shape
With opposite sides that are parallel and have the same length

Walk in the shape of a parallelogram (4x)

A parallelogram is a shape
With opposite sides that are parallel and have the same length
A parallelogram is a shape
With opposite sides that are parallel and have the same length
