

# Rhombus Song

Music and Lyrics by: Have Fun Teaching

A rhombus is a shape  
All the sides have equal length  
The opposite sides are parallel, they go the same way  
A rhombus is a shape  
All the sides have equal length  
The opposite sides are parallel, they go the same way

Draw a rhombus in the air (2x)  
Draw a small, small rhombus in the air (4x)  
Draw a big, big rhombus in the air (4x)

A rhombus is a shape  
All the sides have equal length  
The opposite sides are parallel, they go the same way  
A rhombus is a shape  
All the sides have equal length  
The opposite sides are parallel, they go the same way

Walk in the shape of a rhombus (4x)

A rhombus is a shape  
All the sides have equal length  
The opposite sides are parallel, they go the same way  
A rhombus is a shape  
All the sides have equal length  
The opposite sides are parallel, they go the same way
