

Triangle Song

Music and Lyrics by: Have Fun Teaching

A triangle is a shape with three sides
It has three angles, three corners, three straight lines
A triangle is a shape with three sides
It has three angles, three corners, three straight lines

Draw a triangle up in the air (2x)
Draw a small, small triangle up in the air (4x)
Draw a big, big triangle up in the air (4x)

A triangle is a shape with three sides
It has three angles, three corners, three straight lines
A triangle is a shape with three sides
It has three angles, three corners, three straight lines

Walk in the shape of a triangle (4x)

A triangle is a shape with three sides
It has three angles, three corners, three straight lines
A triangle is a shape with three sides
It has three angles, three corners, three straight lines
