

I Can Read

Third Grade Dolch

Today, the six of us shall pick and clean all
the small apples we can carry.

We will start the show at eight and when it is done, everyone will laugh.

About how long will it take for seven flowers to grow?

If I keep the light on them,
the chicks will stay warm.

She will bring a hot drink to you and I'll
hold a cold one for myself.

I will try to draw much better.

I got hurt when I took a fall
and now I have a cut.

I never go far on my own,
only together with a friend.

Ten kind kids made my
coin bucket full.
